The purpose of the SOS Walk is to increase awareness about sickle cell disease and to raise money to continue our fight to Stomp Out Sickle Cell for the more than 2,000 adults and children living with sickle cell disease and over 115,000 more with related conditions in our region. The disease affects hundreds of thousands worldwide of all ethnicities. There is no cure! Howard University Center for Sickle Cell Disease and Faces of Our Children, Inc. are partners in the effort to advocate and support those with the disease.
